

**SCHEME OF MARKS & DISTRIBUTION OF SYLLABUS ACCORDING TO
WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Homoe.Pharmacy

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

Note :-

1. Q.1 is compulsory in both sections
2. Attempt any two from remaining three questions :

SECTION - I

Marks Distribution:

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Anatomy Paper – I

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

- Note :-**
1. Q.1 is compulsory in both sections
 2. Attempt any two from remaining three questions .
 3. Draw diagramme wherever necessary.

SECTION – I

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Upper extremity
- Embryology

SECTION – II

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Head
- Face
- Neck
- Brain

WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Anatomy Paper – I I

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

Note :-

1. Q.1 is compulsory in both sections
2. Attempt any two from remaining three questions .
3. Draw diagramme wherever necessary.

SECTION – I

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Thorax
- Lower extremity

SECTION – II

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Abdomen
- Pelvis
- Histology

WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Physiology Paper – I

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

Note :-

1. Q.1 is compulsory in both sections
2. Attempt any two from remaining three questions .
3. Draw diagramme wherever necessary.

SECTION – I

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Cell & tissue
- Elements of Biophysics
- Blood & Lymph
- Reticulo endothelial system
- Spleen
- Cardiovascular System

SECTION – II

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short questions)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Respiratory System
- Excretory System
- Skin
- Regulation of Body temp.
- Sense organs (special senses)

WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Physiology Paper – II

Duration : 3 hrs

Mark : Section – I =50

Section – II =50

Total : 100

Note :-

1. Q.1 is compulsory in both sections
2. Attempt any two from remaining three questions .
3. Draw diagramme wherever necessary.

SECTION – I

Marks Distribution :

Q.1 18 (full question)

Q.2 16 (full question)

Q.3 16 (two short questions)

Q.4 16 (four short notes)

Questions to be drawn from following topics

- Biochemistry of proteins, carbohydrates & lipids
- Enzymes
- Nutrition
- Digestive System
- Metabolism

SECTION – II

Marks Distribution

Q.1 18 (full question)

Q.2 16 (full question)

Q.3 16 (two short questions)

Q.4 16 (four short notes)

Questions to be drawn from following topics

- Nervous System
- Nerve – muscle physiology
- Endocrine organs including Reproductive system

WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Homoeo. Materia Medica

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

- Note :-**
1. Q.1 is compulsory in both sections
 2. Attempt any two from remaining three questions.

SECTION – I

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (Indication)
Q.3 16 (Indication)
Q.4 16 (fill in blanks OR objective questions)

Questions to be drawn from following topics

- General Study of Homoeo.Medica. Introduction, nature, scope & limitations, sources, different ways of studying HMM comparison with other Materia Medica, Constitution , Diathesis , Temperament .
- Twelve tissue remedies of schussler's Biochemic system of medicines, Principals of mode of action of Biochemic remedies.
- Medicines to be included in section – I are as follows : Calc. floller ., Calc . phos. , Calc . sulph ., Ferr . phos, Silicea, Aethusa, Ali .cepa ., Chamomilla, Cina, Colocynth, Euphrasia .

SECTION – II

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (Indication)
Q.3 16 (Indication)
Q.4 16 (fill in blanks OR objective questions)

Questions to be drawn from following topics

- Aconite nap.
- Aloe. Soc.
- Ant. Crud
- Ant. Tart
- Apis. Mel
- Arg. Nit
- Arnica mont.
- Bryonia alb
- Colchicum
- Dulcamara
- Ipecac
- Ledum pal
- Nux Vom.
- Rhus Tox .

**SCHEME OF MARKS & DISTRIBUTION OF SYLLABUS ACCORDING TO
WEIGHTAGE FOR DRAWING OF QUESTION PAPER**

FYBHMS

Subject : Organon of Medicine

Duration : 3 hrs

Mark : Section – I =50

Section – II =50 Total : 100

- Note :-**
1. Q.1 is compulsory in both sections
 2. Attempt any two from remaining three questions.

SECTION – I

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short question)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- History of Development of Homoeopathy
- Life sketch of Dr . Hahnemann
- Cordial principals of Homoeopathy
- Editions of organon of medicine
- Scope & Limitation of Homoeopathy
- Logic of Homoeopathy
- Mission of physician
- Ideal Cure
- Requisite Qualification of physician
- Unprejudiced observer
- Theoretic medicine
- Individuality
- Exciting & fundamental causes

SECTION – II

Marks Distribution

- Q.1 18 (full question)
Q.2 16 (full question)
Q.3 16 (two short question)
Q.4 16 (four short notes)

Questions to be drawn from following topics

- Vital force
- Totality of Symptoms
- Primary & Secondary action
- Modus operandi
- Similar & dissimilar diseases
- Different pathies
- Therapeutic law of nature
