## S.Y.B.A. (Home-Science) - III Semester

# Practical on Biochemistry (CORE Elective paper-CE 206)

### **PRACTICALS**

### ➤ Unit – 1

Qualitative test of carbohydrates

- Benedict's test from urine.
- Barfoed's test from starch.
- Fehling's test from starch.
- Iodine test from starch.

### ➤ Unit- 2

Qualitative test from proteins

- Xanthoprotein test from egg
- Millon test from egg.
- Biuret test from egg.
- Congulation of protein from egg.

### ➤ Unit- 3

- Volumatric experiments (One strong acid and one strong base)
- PH measurement

### ➤ Unit -4

- lodine value
- Food adulteration To find adulterants from following food products
  - (A)Oil (B) Ghee (C) Turmeric (D) Dry red chilli Powder (E) Milk
